

iClean® FLO₃

for Floor Scrubbers

Caution: wet floor! Each year, over 1 million people require emergency medical care due to serious slip-and-fall incidents.^[1] Proper floor care can help reduce the risks by eliminating tracked-in mud, slush, and snow. However, using the wrong products can also be harmful, as chemicals with slippery residues puts the risks of slip-and-falls back into place.

APPLICATIONS

Hardwood
Vinyl
Laminate
Ceramic
Stone
Tile
Terrazzo
Concrete
Carpet
Marble
Linoleum

Regulatory Compliance

EPA
7 U.S.C. §136 et seq.(1996)

USDA
7CFR205.605

iClean FLO₃r Care

iClean FLO₃ converts water into a powerful cleaner, sanitizer, and deodorizer in-line and on-demand, replacing traditional floor cleaning chemicals with a residue-free solution that helps reduce risks of slip-and-falls, among other benefits:

RESIDUE-FREE

Reduces risks of slip-and-fall incidents, helping save businesses and institutions thousands of dollars in avoided lawsuits and medical bills.

CLEANS & SANITIZES

Sanitizes while it cleans, improving hygiene and protection for building occupants.

RESTORATIVE

Lifts years of chemical build-up, restoring various flooring materials' shine, brightness, and softness.

Cleans & Maintains Machinery

Not only does iClean FLO₃ provide cleaner, safer, more sanitized floors, but it also promotes the protection and lifetime of expensive floor cleaning equipment, helping businesses and institutions save even more.

NON-CORROSIVE

Safe for various machine materials like metal, aluminum, plastic, and brass.

LESS MAINTENANCE

Cleans machines' internal lines and tanks while in use, helping to reduce frequency of maintenance.

LESS BREAKDOWNS

Soap scum build-ups and chemical corrosion are problems of the past.
